Universal Installation and Simple Single Part Number Ordering

- ✓ Enables mounting virtually anywhere on top of the machine tool for **optimal positioning** of both the mist collector and intake location.
- ✓ Single part-number ordering – Royal Easy-Mount™ **packages include everything needed for hassle-free installation:**

- Royal Filtermist Unit
- Chip Deflector
- Coolant Return Hose (12 ft)

- 6" Dia. Ducting (8 ft)
- All Required Hardware
- Standard After Filter
- 6" Ducting Clamps
- Extra Set of Drum Pads

The key to this system is the Royal Plenum, which has been optimized for minimal cfm loss. The plenum also functions as a coarse pre-filter by forcing fines and chips to drop out of the mist stream due to the internal airflow directional change.
